The DUI Cost Recovery Program is administered in accordance with Government Code Sections 53150 through 53158. This law set aside driving under the influence as an offense which the taxpayers should not have to subsidize. The law has rendered that because of the offender's actions while under the influence of alcohol and/or drugs, the State is without road patrol services of the officers for the time required to investigate the incident. This includes activities such as: response time, on-scene investigation, report writing, field sobriety tests, arrest, transportation, booking, chemical tests, and vehicle storage.

These charges are considered a civil debt separate from the penalties which you have already paid to the court. Incarceration and/or community service cannot be utilized to satisfy this debt. The law prohibits insurance companies from paying response costs.
